

Algorithms and Psuedocode

Jonathan Bowden

23rd March 2018

1 Introduction

Creating nice pseudocode algorithms.

1.1 My Algorithm

Did you learn L^AT_EX?

```
if learned  $\geq$  sortof then  
    okay  $\leftarrow$  true  
else  
    while !okay do  
        repeat course  
        okay = learned  $\geq$  sortf  
    end while  
end if
```

2 Conclusion

There's a lot more to learn here!
