1   Introduction

Basic formatting tags in LaTeX.

1.1   Text Formatting

All the things you want to do, and sometimes should ... emphasis on SOMETIMES.
Bold Formatting is only between the curly brackets.
Italics Formatting
Underline Formatting

1.2   Paragraph Formatting

New paragraphs in each section are automatically indented
But sometimes you don't want them to be

2   Oddities

2.1   Misquoting

This is how I would type 'single' and "double" quotes. Doesn't it look odd?
Use that *other* quote key that you've probably never used before to make it better.
See my new 'single' quotes, and "double" quotes. Ahh, much better

3   Conclusion

These are just a few of the basic elements in a LaTeXfile. We'll look at many more throughout the course.
